

The Scheme Trustee recognises that it is very important that a member's pension can be safely managed in the event that they become unable to manage it. Providing valid power of authority documentation is the most straightforward way for the Scheme to establish someone else (*"the applicant"*) has the authority to act on a pensioner's behalf.

The Trustee also recognises that there are sometimes circumstances where pensioners may not have power of attorney documentation and they are now unable to appoint an attorney because of ill-health. The Pensions Office will look to work with members' family in these circumstances.

Whatever the circumstances you should complete this form and return it to the Pensions Office for consideration.
